

Traffic Count Map

The map below details the average daily traffic counts at each of the main intersections within Palos Heights. The traffic count figures were obtained from the Illinois Department of Transportation (IDOT) website and are marked in red. The main north-south thoroughfare running through the City of Palos Heights, Harlem Avenue, carries more than 38,000 vehicle trips each day. Ridgeland Avenue carries more than 33,000 vehicle trips each day. These large volumes of vehicular traffic provide businesses with an instant consumer base made up of residents of Palos Heights and the greater Chicago region.

City of Palos Heights: "Experience the Beauty"
